Safety Precautions

SAVE THESE INSTRUCTIONS
When using your RGB Mood Lamp, basic safety precautions should always be followed. Please read all instructions thoroughly before using.

DANGER – To reduce the risk of electric shock, always unplug the lamp from the electrical outlet before cleaning or servicing.
WARNING – To reduce the risk of burns, fire, electric shock, or injury to persons:
- Never operate this product if the cord or plug has been damaged, is not working properly, or has been in contact with water.
- Keep the cord away from heated surfaces.
- Only use indoors.
- Use caution when having liquids on or around RGB Mood Lamp to ensure no spilling occurs. In case of spillage, unplug the lamp immediately and move it to a dry, clean area. Clean up the spill and allow the area to dry thoroughly.
