Laminate Tabletops

Our laminate tabletops have an MDF core which does not shrink or swell from temperature and humidity, and are also resistant to changes in color due to UV light. Available in a large variety of different sizes ranging from 30" × 30" all the way up to 72" × 30" and an ever-expanding choice of colors, you can pick the perfect laminate tabletop for your office!

Sealed with a layer of laminate, each laminate tabletop requires little to no maintenance and is practically immune to environmental factors that may otherwise cause cracking, splitting, or warping. We back our laminate tabletops with a 15-year warranty to guarantee style, quality, and durability that will serve you well over the years!

THICKNESS

All options have a 1.00" thickness.

Bamboo Tabletops

As the fastest-growing plant on Earth, bamboo is excellent material for sustainability and reducing our environmental footprint. Our bamboo tabletops perfectly combine style and functionality with eco-friendliness. We offer either a light matte or a dark gloss color for these tops which come in a variety of different sizes ranging from 48" × 30" all the way up to 72" × 30"!

The sleekness and quality of these tops make them perfect for any home or office setting. Features such as their scratch and water resistance, ensure it's protected during day-to-day usage. Being completely comprised of carbonized bamboo, they are high-quality and durable so you can have peace of mind knowing your tabletop is sustainable and made to last with a 15-year warranty.

Bamboo Ergo Cut Tabletops

We made these bamboo tabletops with the environment in mind! They don't just look lovely with their smooth, rounded design, but they're also good for the planet, making them a smart choice for people who care about nature. The "Ergo Cut" design on the bamboo desktops helps your wrists and arms be in a comfy position, so you won't feel tired. It makes working easier and more pleasant. This ergonomic design is all about fitting well into your space and giving you the best comfort possible.

Solid Wood Tabletops

Solid wood tabletops embody the perfect mix of form and function. Crafted from high-quality solid wood, these tabletops have natural warmth and beauty and promise lasting durability. Each tabletop's unique grain patterns and color variations provide a visually appealing background to your daily activities. With options in two sizes, you can choose the perfect fit for your workspace. Beyond aesthetics, these tabletops are sturdy and stable. They are easy to maintain and can withstand the test of time, making them a practical and eco-friendly choice.

Epoxy Tabletops

In Epoxy tabletops, nature's beauty meets modern design. These tabletops combine the aesthetics and sturdiness of natural wood with a sleek and glossy touch of resin. Each piece showcases the unique patterns and colors of the wood, creating a one-of-a-kind look. Not only are they visually striking, but they're also durable and easy to care for. The resin creates a protective layer, enhancing solid wood resistance to scratches and safeguarding it from moisture damage. Whether in your home or office, Epoxy tabletops will add a hint of elegance to your setting that is both timeless and contemporary.

Care & Maintenance

We recommend cleaning your tabletops with an eco-friendly cleaning product to preserve the material's structure, look, and feel.

Wipe your table regularly, irrespective of the tabletop material. Use a soft brush or feather duster to sweep away accumulated dust. If you have a portable vacuum cleaner, choose the dusting brush tool and set it to the lowest level to prevent damage while cleaning. Regular dusting maintains a clean surface without much hassle!

If you still notice dirt after initial cleaning, use a mild soap solution for MDF and bamboo tabletops. Mix two parts of water with one part of mild soap in a spray bottle. We emphasize using mild soaps as they don't have strong or acidic elements found in regular cleaners. You may also go for hand soap, which is gentle, protecting your tabletop material. Spray the mixture directly onto the table for effective cleaning. Clean with a soft sponge or cloth, avoiding excessive pressure to prevent marks and scratches. If marks persist, respray the mixture and apply extra force on tough stains. Wipe the entire tabletop again for a thorough cleaning.

After cleaning, let the table fully dry before use to prevent stains and damage from water residue. The drying time varies based on climate conditions, typically from a few minutes to an hour. Check the surface for dryness by touching it; the table is ready for use if there are no fluid particles.

Tabletop Care Don'ts:

1. Don't brush with force.
2. Don't use too much water.
3. Don't use blow dryers.

Important for all Tabletops:

- Avoid prolonged moisture exposure as it may cause watermarks – remove any liquid spills promptly.
- Avoid rain and direct sunlight exposure – tabletops are intended for indoor use only.

Important for Bamboo Tabletops:

- Ensure ventilation and occasional damp towel wiping for balanced moisture in dry and air-conditioned spaces.
- Ensure regular care and cleaning every few weeks to a month.

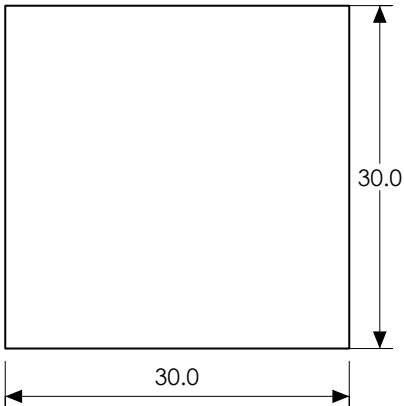

If your tabletop shows some wear and tear signs, please check our article on how to repair surface scratches, which also provides more tips on keeping your tabletop in perfect condition for longer.

Warranty & Contact Information

We provide additional peace of mind to all of our customers with our standard 15-year warranty. This warranty applies to all of our high quality standing desks. It is extremely rare for any issues to occur with our products, but you can rest assured if something goes wrong with any part of your desk. We provide replacement products where applicable under our 15-year warranty.

What is Covered?

Under our 15-year warranty, Progressive Desk will send a replacement product to your home or office if you experience issues with the following components:

- Tabletops
- Desk Frame
- Desk Remotes

If a problem occurs, simply email us at sales@progressivedesk.com with your original order number and a brief description of the particular issue you are experiencing with the standing desk. Once our engineers assess the issue and determine that you require a replacement desk we will be happy to ship a new product immediately. We will also cover any ground shipping costs, so all you need to do is await the arrival of your replacement standing desk.

What is not Covered?

If you or your staff have made any type of modification to the desk this may make the item ineligible for replacement under the 15-year warranty. Other factors such as improper use and exposure to normal wear and tear at the workplace are also not covered by our warranty. Lastly, we are unable to cover items that have been lost or damaged due to an unavoidable accident like flooding or a hurricane.

Outside Warranty Coverage

Maintaining strong relationships with our existing customers is important to us at Progressive Desk. That is why we are pleased to offer special discounts on newer desk models to replace out of warranty items. If you're looking to update your existing standing desks, be sure to contact us and ask about our discounts.
